

FoundersClick (FC) Premium Service-Provider Link-up Service

[FoundersClick \(FC\)](#) has established a network of vetted service providers who offer cost-effective quality services.

What is FC Service Provider Linkup™ Service?

- A. FoundersClick members who are Service Providers** members leverage FoundersClick to request being included in FC Service provider Network.
- Once selected, FoundersClick serves as a conduit for client projects and leads for service providers.
 - Each selected Service provider has a Vendor agreement with FC to ensure that they work seamlessly to provide quality work at cost-effective price points to FoundersClick members
- B. Businesses avail FoundersClick’s Service provider Linkup Service** for introductions to vetted and reliable expert service providers as needed depending on their project and business requirements
- C. FoundersClick (FC)** maps business requirements to service provider expertise towards results.
- FC vets Service providers on a variety of parameters and once they are selected, includes them to the expanding select group of Service provider Network. FoundersClick identifies businesses and maps their requirements with its Service provider network.
 - Once suitable Service Providers who map to Business requirements are identified, FC facilitates introductions. Businesses make the selection decision on the introduced Service provider(s). This Premium Service is tailored closely to Business requirements and the expertise of the Service providers
 - FoundersClick serves as a key point of contact for Businesses to firm up terms of engagement for some service providers. FC also provides billing services to service providers as needed.
 - FC monitors progress of the project to conclusion. FoundersClick works with Businesses and Service providers to build a success storyboard for each Client engagement.
